

THE HEARTH METHOD

Home organisation, done properly

We assess a space, design a system for it, source everything it needs, and carry out the transformation — from a single overflowing pantry to a full home.

What we do · What it costs

Services we provide

Pantry design & organisation

Systems that hold up to daily use.

Wardrobe & closet styling

Sorted, styled, and easy to keep.

Playroom organisation

Zones children can actually maintain.

Home office setup

Calm, functional, and clutter-free.

Airbnb & rental styling

Guest-ready presentation, top to tail.

Storage systems

Garages, linen cupboards, laundries.

What we're able to fix

- Broken or misaligned cupboard and drawer repairs
- Paint touch-ups
- Wallpaper installation or replacement
- Rug replacement
- Lighting fixture updates
- Organising products — boxes, dividers, labels, hanging systems

Cosmetic fixes are optional and chosen per project — organisation-only projects are always available. Repair work is carried out by an independent contractor, who sets their own cost.

How it works

01

Questionnaire

A short brief on your habits, style, and struggles.

02

Consultation

1 hour on-site, plus your moodboard and costed plan.

03

Plan selection

Choose the tier that suits your budget.

04

Sourcing

1–2 weeks to gather everything approved.

05

Execution

2 days to 1 week on-site, 9am–5pm.

06

Final walkthrough

Room by room, with maintenance guidance.

COSTING

What it costs

Transparent, itemised pricing — every quote is broken down in full before work begins, so there are no surprises later.

FIXED FEES

ITEM	COST	NOTES
Initial consultation	R450	1-hour on-site visit, moodboard, and gathering of costs & quotes
Project baseline fee	R1,500	Charged once per project, on top of hourly and per-m ² labour
Optional finishing clean	R500 / day	Add-on only — clients may use their own domestic help instead

LABOUR RATES

ITEM	COST	NOTES
Hourly rate	R450 / hr	Applied to all hours worked on-site, 9am–5pm daily
Per square metre	R200 / m²	Applied to the size of the space being worked on

How labour is calculated

$$\text{Baseline fee} + (\text{hours} \times \text{hourly rate}) + (\text{m}^2 \times \text{sqm rate})$$

VARIABLE COSTS

Products & materials

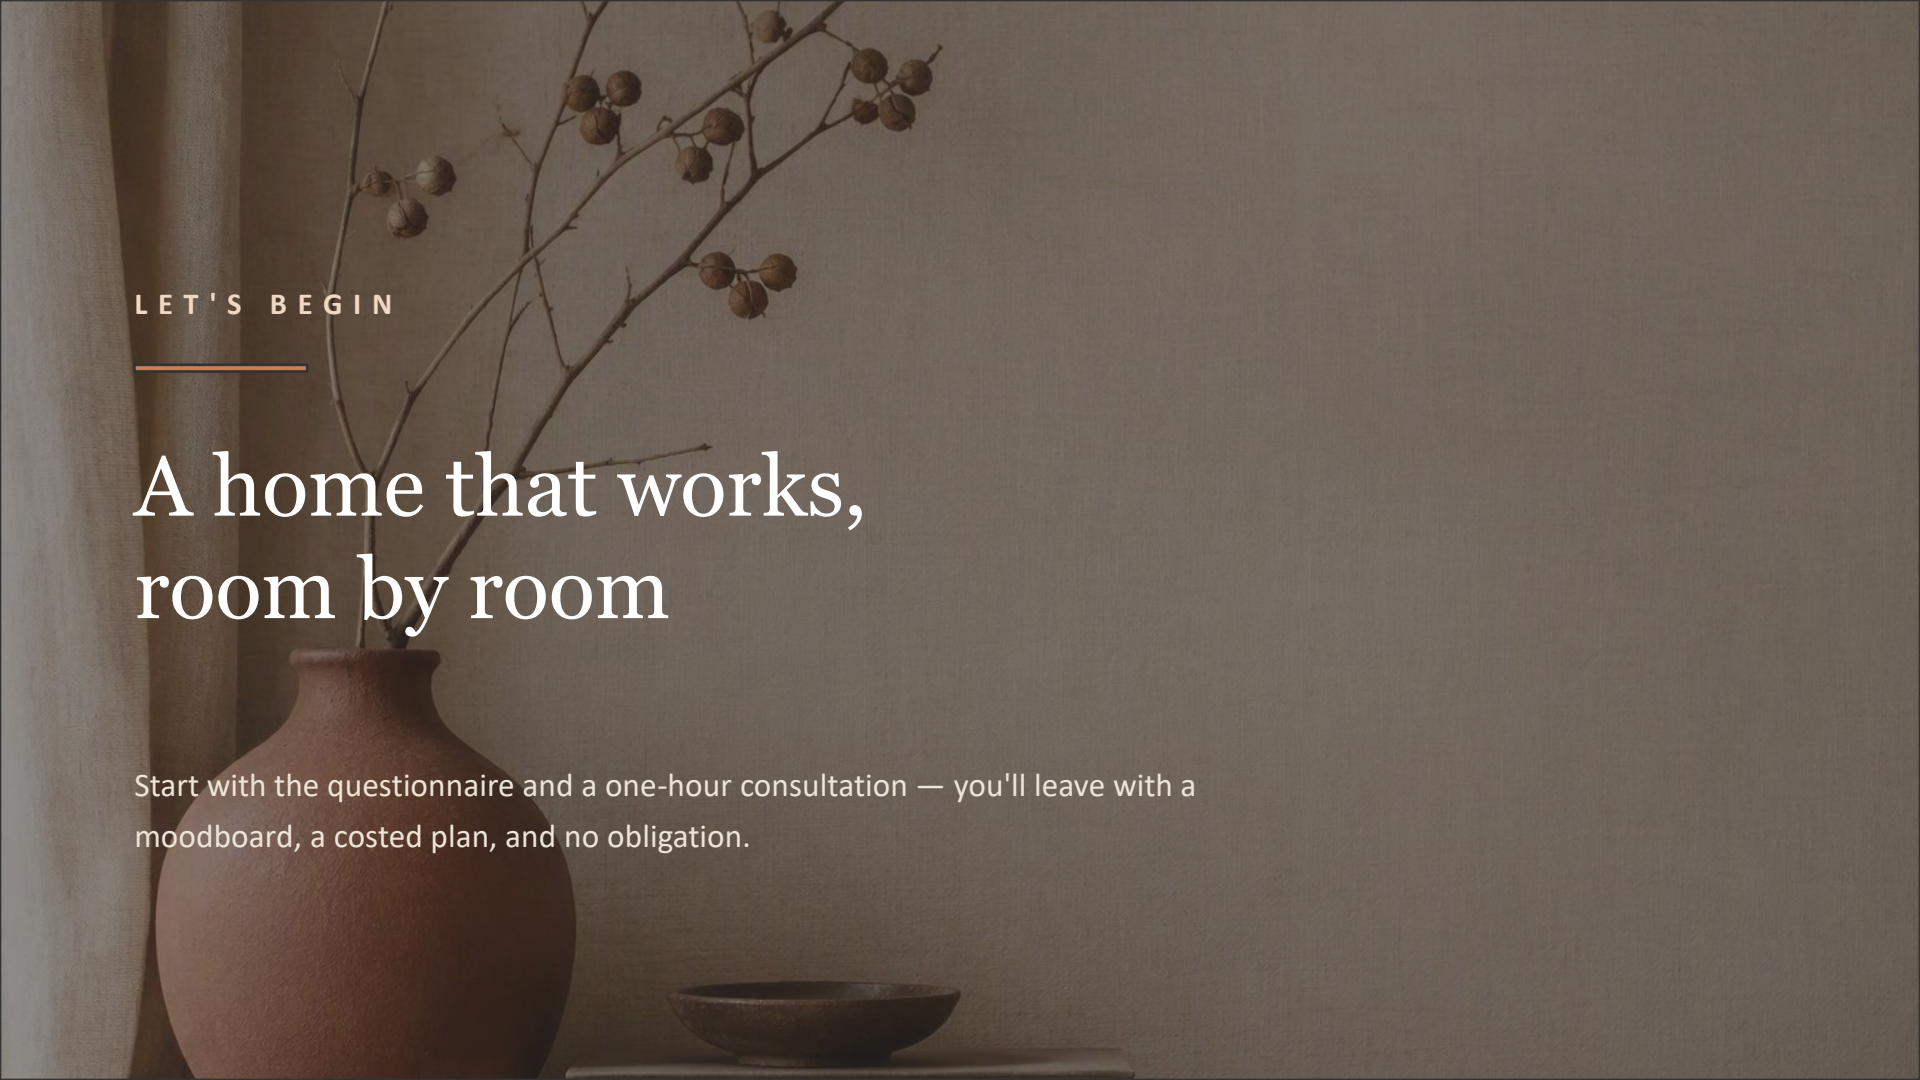

Itemised

Costed individually, paid by the client, and client-owned.

Repairs & maintenance

By contractor

Priced by the independent contractor carrying out the work.

LET'S BEGIN

A home that works, room by room

Start with the questionnaire and a one-hour consultation — you'll leave with a moodboard, a costed plan, and no obligation.
