

HOME ORGANISATION & SPACE STYLING

The **HEARTH METHOD**

What we do · What it costs · A sample project

PREPARED FOR PROSPECTIVE CLIENTS

WHAT WE DO

Home organisation, done properly

We assess a space, design a system for it, source the products and materials required, and carry out the physical transformation — from a single overflowing pantry to a full home.

Services We Provide

- Pantry design and organisation
- Wardrobe and closet organisation & styling
- Playroom organisation
- Home office setup and organisation
- Airbnb and short-term rental styling
- Workplace and small office organisation
- Storage systems — garages, linen cupboards, laundries

What We're Able to Fix

- Broken or misaligned cupboard and drawer repairs
- Paint touch-ups
- Wallpaper installation or replacement
- Rug replacement
- Lighting fixture updates
- Organising products — boxes, dividers, labels, hanging systems

Cosmetic fixes are optional and selected per project — organisation-only projects are always available. Repair work is carried out by an independent contractor, who sets their own cost based on the scope of the repair.

How It Works

- **1. Questionnaire** — a short brief on your habits, style, and struggles
- **2. Consultation** — 1 hour on-site, plus your moodboard and costed plan
- **3. Plan selection** — choose the tier that suits your budget
- **4. Sourcing** — 1–2 weeks to gather everything approved
- **5. Execution** — 2 days to 1 week on-site, 9am–5pm
- **6. Final walkthrough** — room by room, with maintenance guidance

What it costs

Transparent, itemised pricing — every quote is broken down in full before work begins, so there are no surprises later.

Fixed Fees

Item	Cost	Notes
Initial consultation	R450	1-hour on-site visit, moodboard, and gathering of costs & quotes — all included
Project baseline fee	R1,500	Charged once per project, on top of hourly and per-square-metre labour
Optional finishing clean	R500 / day	Add-on only — clients may use their own domestic help instead

Labour Rates

Item	Cost	Notes
Hourly rate	R450 / hr	Applied to all hours worked on-site, 9am–5pm daily
Per square metre	R200 / m²	Applied to the size of the space being worked on

HOW LABOUR IS CALCULATED

Baseline fee + (hours × hourly rate) + (m² × sqm rate)

Variable Costs

Item	Cost	Notes
Products & materials	Itemised	Costed individually, paid by the client, and client-owned
Repairs & maintenance	By contractor	Priced by the independent contractor carrying out the work
